

Canada's Source for Cattle Market Information

Canfax has provided expert analysis of markets and trends in the ever changing North American beef industry for over forty years. In this new millennium, cattlemen, feedlot managers, and agri-business professionals will continue to rely on up-to-the-minute information as an essential tool for maximizing profit in today's beef sector. Whether you need to plan for three hours or three years into the future, Canfax delivers timely, accurate information for 21st Century cattle industry professionals.

Canfax collects and maintains a large database of all Canadian cattle price information by animal type, weight, and province for each week, month and year. We also collect and maintain data on as many market influencing factors and benchmarks as possible, such as the Canadian dollar, grain prices, crop production, US markets, futures prices, basis levels, exports, imports, slaughter and grading information, industry profitability, etc.

There is a standard charge for each data series of \$50 for Canfax Members, and \$100 for non-members. Volume discounts may also be available.

To discuss your data needs, please contact us at www.canfax.ca/contactus.aspx or by email at info@canfax.ca
